12.3.8 v.6

ASH GROVE CEMENT WEST, INC.

Inter-Office Memorandum

December 17, 1991

Date _____

To Ken Rone From Daniel J. Peters

Copies to _____ Subject Metro Discharge

Today, I received a telephone call from Mr. Jim Sifford, Industrial Waste Investigator for Metro. Mr. Sifford has informed me that Special/Minor Discharger No. 296 has been modified to include the discharge from the new plant cooling tower and water treatment system. Maximum volumes on the permit will be increased to 25,000 (max) gallons per day. A copy of the modified permit will be sent in January. In the meantime, we have verbal authorization to proceed in discharging from the new plant cooling tower and water treatment system to Metro.
